

**Chapter 18.140*****Approving and Appeal Authority*****18.140.010 Purpose**

This Chapter identifies the designated approving authority for the review of maps, permits and actions required by this Title.

**18.140.020 Designated Approving and Appeal Authority****A. General Provisions.**

The Approving and Appeal Authority, as designated in Table 18.140.040, shall approve (in full or in part), conditionally approve (in full or in part), modify, or deny (in full or in part) applications in accordance with the requirements of this Title. Table 18.140.040 identifies both final (F) and appeal (A) authorities for each application. When a proposed project requires more than one permit, the permits shall be processed pursuant to Section 18.140.030 Concurrent Processing of Permits of this Title.

**B. Findings Required.**

In acting on an application, the Approving or Appeal Authority shall make the applicable findings required for a particular map, permit or action and as may be required by other laws and regulations.

**C. Appeals.**

An action of the Approving Authority may be appealed pursuant to procedures set forth in Chapter 18.170 Appeals.

**18.140.030 Concurrent Processing of Permits**

When a proposed map, permit or action requires more than one application with more than one Approving or Appeal Authority, all applications shall be processed concurrently as interrelated permits for a project and shall not be bifurcated. The highest designated Approving or Appeal Authority for all such requested applications shall take final action on multiple permits. For example, the Planning Commission takes final action on a Tentative Tract Map. However, when processed in conjunction with a Development Agreement, the Tentative Tract Map shall be reviewed and acted upon by the City Council in conjunction with the other application request(s). The Planning Commission provides recommendations to the City Council on both entitlement requests.
